

Mississauga Climate Leaders Program

Greenhouse Gas (GHG) Emission Reduction Plan Training A Profitable Path to Carbon Neutral

IN PARTNERSHIP WITH:

MISSISSAUGA

GHG Training Program is offered by the City of Mississauga and delivered by [Enviro-Stewards](#)

Overview: The GHG Training Program will assist you in creating and implementing a profitable plan to reduce your GHG emissions, save energy and improve your margins.

Expected Outcomes: Measurement of emissions baseline, establish targets to carbon neutral, identification of reduction opportunities and quantification of their business case, and an established plan to reduce remaining emissions with credible offsets.

Structure: The GHG Training Program will include four training sessions, as well as one-on-one support.

- Session #1: Purpose of Prioritizing Sustainability in Business (half day, in-person)
- Session #2: Design a Profitable Roadmap to Carbon Neutral (1.5 hour online)
- Session #3: Quantify your Quick Wins and Deep Retrofits (1.5 hour online)
- Session #4: Credible and Affordable Paths for the Last Mile (1.5 hour online)

Participants will be encouraged to advance a specific project over the course of the program. The GHG Training program can be taken in partnership with the GHG Site Assessment program (see program home page for details on GHG Site Assessment program).

Course Date: October, 2023 to February, 2024

Course Fee: \$1,500 per person

Eligible Participants: The GHG Training Program is open to any business with a physical, non-residential, occupied building space within Mississauga. Applications will be assessed based on a number of criteria, including business size and capacity to benefit from the program. Businesses within any industry are welcome to apply.

Program Provider: [Enviro-Stewards](#) is a Certified B Corporation that has helped numerous companies profitably decarbonize and transition to carbon neutrality. Enviro-Stewards' training program will incorporate the Excellence in Manufacturing Consortium's industry-proven training platform and align with Manufacturing Essentials Certification.

Interested businesses are encouraged to fill out the [contact form on the Mississauga Climate Leaders Program](#) webpage to learn more about this opportunity.
